Available in English for the first time, Mihail Sebastian's classic 1934 novel delves into the mind of a Jewish student in Romania during the fraught years preceding World War II. This literary masterpiece revives the ideological debates of the interwar period through the journal of a Romanian Jewish student caught between anti-Semitism and Zionism. Although he endures persistent threats just to attend lectures, he feels disconnected from his Jewish peers and questions whether their activism will be worth the cost. Spending his days walking the streets and his nights drinking and conversing with revolutionaries, zealots, and libertines, he remains isolated, even from the women he loves. From Bucharest to Paris, he strives to make peace with himself in an increasingly hostile world. For Two Thousand Years echoes Mihail Sebastian's struggles as the rise of fascism ended his career and turned his friends and colleagues against him. Born of the violence of relentless anti-Semitism, his searching, self-derisive work captures a defining moment in history and lights the way for generations to come—a prescient, heart-wrenching chronicle of resilience and despair, resistance and acceptance. Two Ropes is a carefully written true story about how a young Negro family realized success with the combined support derived from quiet friendships between Blacks and Whites existing in their strongly segregated hometown. Bernard and Shirley Robinson participated in constructive efforts to penetrate and eliminate racial barriers in their Southern hometown by successfully integrating their respective local university and high school. Their successes were aided by key quiet friendships and collaborations between Negro and Caucasian supporters. In those days, open friendships between Whites and Negro people were not politically healthy for anyone and could even be dangerous. Two Ropes reveals and honors some of those risky friendships in an illustrative and inspirational manner. The book is an easy read, making the point of how much greater America could be if all Americans were free to associate and contribute to the best of their innate abilities without prejudice. With its corn by the acre, beef on the hoof, Quaker Oats, and Kraft Mac n' Cheese, the Midwest eats pretty well and feeds the nation on the side. But there's more to the midwestern kitchen and palate than the farm food and sizable portions the region is best known for beyond its borders. It is to these heartland specialties, from the heartwarming to the downright weird, that Fried Walleye and Cherry Pie invites the reader. The volume brings to the table an illustrious gathering of thirty midwestern writers with something to say about the gustatory pleasures and peculiarities of the region. In a meditation on comfort food, Elizabeth Berg recalls her aunt's meatloaf. Stuart Dybek takes us on a school field trip to a slaughtering house, while Peter Sagal grapples with the ethics of paté. Parsing Cincinnati five-way chili, Robert Olmstead digresses into questions of Aztec culture. Harry Mark Petrakis reflects on owning a South Side Chicago lunchroom, while Bonnie Jo Campbell nurses a sweet tooth through a fudge recipe in the Joy of Cooking and Lorna Landvik nibbles her way through the Minnesota State Fair. These are just a sampling of what makes Fried Walleye and Cherry Pie—with its generous helpings of laughter, culinary confession, and information—an irresistible literary feast. Everyone's favorite pranksters are at it again! School's out, and Miles and Niles are running wild in the woods outside town: climbing trees, exploring caves, and, yes, pranking. But these leafy, lazy days of mischief darken when bully Josh Barkin and his cadets from a nearby kids' boot camp discover the merrymakers—and vow to destroy them. Are our heroes' sharp minds any match for these hooligans' hard fists? The latest installment of the witty, on-target illustrated series is another "fast paced, laugh-out-loud novel" (School Library Journal) that proves once again that, in the hands of the powerless, pranks can be tools of justice—plus, they're funny. "...a unique hybrid of James Patterson, Dan Brown, and Harlan Coben—with a wit and intelligence that are all Powers." --Louis Bayard, author of Mr. Timothy and The Pale Blue Eye "...a tantalizing, expertly crafted suspense thriller." --Joseph Olshan, author of Nightswimmer In his twenties, Ethan Holt

won the decathlon at the Olympics and was jokingly nicknamed "Hercules"; now, in his late thirties, he's returned to his ivy-covered alma mater to teach, and to raise his young daughter Skip as a single father. After a hushed-up scandal over his Olympics win and the death of his wife in a car accident five years ago, Ethan wants nothing more than to forget his past. Skip is not only the light of Ethan's life--she is his life. Then, Skip is kidnapped. A series of bizarre ransom demands start coming in that stretch Ethan's athletic prowess to its limits, and he realizes with growing horror that they are modern versions of the Twelve Labors of Hercules, demanded in tricky, rhyming clues by someone who seems to have followed every step of Ethan's career. Featuring interviews with Justin Timberlake, Pharrell Williams, T Bone Burnett, Gloria Estefan, Imogen Heap and many more, *Two Beats Ahead* shows us what the musical mind has to teach us about innovation. Musicians may just hold the keys to innovation in business. They don't think like we do, and in the creative process, they don't act like we do. It isn't a coincidence that some of the world's most respected creators, like Jimmy Iovine and Bjork, are also entrepreneurs. In *Two Beats Ahead*, the Global Design Director at IDEO and the Senior Vice President for Global Strategy & Innovation at Berklee College of Music interview some of the nation's top musicians and business leaders about how they approach innovation differently. Panay and Hendrix speak with Justin Timberlake about the importance of demoing, and discuss the essentials of acute listening with Jimmy Iovine. Readers will learn the secrets to maximizing results in a collaboration from Beyoncé and Pharrell Williams. They'll learn the importance of experimentation from musical pioneers Imogen Heap and Radiohead, and have a front row seat in a conversation about producing with T Bone Burnett and Hank Shocklee, co-founder of Public Enemy. Offering clear and concise mindsets that any entrepreneur or innovative thinker can put into practice, this is a one-of-a-kind business book that shows how to thrive in an evolving world--from some of the top creative geniuses of our time. The book reproduces a candid exchange of letters between two leading religious figures: an evangelical preacher and a senior Jewish rabbi. This groundbreaking publication is a rare opportunity to read the heartfelt correspondence of two prolific and acclaimed theologians, as they both seek to vigorously defend their own beliefs and allow themselves to be challenged by the claims of the other. As the discussion continues we see mutual respect grow and a strong friendship forged before the relationship is inevitably tested as they encounter points of seemingly irreconcilable differences. Though there are issues and beliefs which separate the two theological camps, this book shows how they share enough to not only get along, but form strong alliances. *Teacher/Pizza Guy* is a collection of autobiographical poems from the 2016-17 school year in which Jeff Kass worked as a full-time English teacher and a part-time director for a literary arts organization and still had to supplement his income by delivering pizzas a few nights a week. In the collection, Kass is unapologetically political without distracting from the poems themselves but rather adds layers and nuances to the fight for the middle class and for educators as a profession. The timing of this book is beyond relevant. As a public high school teacher in America, Kass's situation is not uncommon. In September 2018, *Time* published an article detailing how many public school teachers across the country and in a variety of environments work multiple jobs to help make ends meet. *Teacher/Pizza Guy* chronicles Kass's experience of teaching, directing, feeding people, and treading the delicate balance of holding himself accountable to his wife and kids, his students, his customers, and his own mental and physical health while working three jobs in contemporary America. The journey of that year was draining, at times daunting, at times satisfying, but always surprising. Many of the ideas for these poems were initially scribbled onto the backs of pizza receipts or scratched out during precious free moments amidst the chaos of the school day. A driving force behind the book is Philip Levine's poem "What Work Is," which Kass believes attempts to examine not only the dignity and complexity of what we think physical, tangible work is but also the exhausting, albeit sometimes fulfilling nature of emotional work. *Teacher/Pizza Guy* is a funny and relatable collection for readers, thinkers, educators, and pizza lovers everywhere. This playful take on Noah's Ark in a large, padded board book--perfect for lap reading or a child's hands--features rhyming text and joyful illustrations that will become a favorite for bedtime, story time, or anytime. With lots to see and discover on each page--and playful monkey antics to enjoy--children will return to *Two By Two* over and over. What happens when two mischievous monkeys get loose while inside Noah's ark? A party that soon involves all the animals, and won't end the rain finally stops--which Noah hopes will be soon. This playful, rhyming story is sure to have your little ones laughing and playing along as the monkeys start an anaconda limbo, penguins dance to buffalo bebop, and everyone plays pin the tail on the bear. Unique animals in the vibrant illustrations and rollicking text that will make you smile makes *Two by Two* a lyrical treat for the whole family to enjoy. *Two By Two*: gives your child a fun new take on the classic Noah's Ark story that is relatable to any child who has been stuck inside on a rainy day contains bright, child-friendly illustrations meant to engage young readers' eyes and imaginations The special anniversary edition of *The Little Engine That Could™* contains the entire text and original artwork. Young readers, as well as parents and grandparents, will treasure the story of the blue locomotive who exemplifies the power of positive thinking. In this essential *Star Wars Legends* novel, the second in the *Darth Bane* trilogy, the fearsome Sith lord takes on a deadly new apprentice. *Darth Bane's* twisted genius made him a natural leader among the Sith--until his radical embrace of an all-but-forgotten wisdom drove him to destroy his own order . . . and create it anew from the ashes. As the last

surviving Sith, Darth Bane promulgated a harsh new directive: the Rule of Two. Two there should be; no more, no less. One to embody the power, the other to crave it. Now Darth Bane is ready to put his policy into action and thinks he has found the key element that will make his triumph complete: a student to train in the ways of the dark side. Though she is young, Zannah possesses an instinctive link to the dark side that rivals his own. With his guidance, she will become essential in his quest to destroy the Jedi and dominate the galaxy. A reprint of the 1976 Macmillan edition. This fictional outline of a modern utopia has been a center of controversy ever since its publication in 1948. Set in the United States, it pictures a society in which human problems are solved by a scientific technology of human conduct. The women of Sensible Shoes encounter new adventures and roadblocks in their spiritual journeys in *Two Steps Forward*. In this eight-week study guide you'll find daily Scripture readings, reflection questions, and spiritual practices, as well as discussion questions and suggested practices for reading groups to do together. This book is an undertaking of a pioneering work of uniting three vast fields of interfacial phenomena, rheology and fluid mechanics within the framework of solid-liquid two phase flow. No wonder, much finer books will be written in the future as the visionary aims of many nations in combining molecular chemistry, biology, transport and interfacial phenomena for the fundamental understanding of processes and capabilities of new materials will be achieved. Solid-liquid systems where solid particles with a wide range of physical properties, sizes ranging from nano- to macro- scale and concentrations varying from very dilute to highly concentrated, are suspended in liquids of different rheological behavior flowing in various regimes are taken up in this book. Interactions among solid particles in molecular scale are extended to aggregations in the macro scale and related to settling, flow and rheological behavior of the suspensions in a coherent, sequential manner. The classical concept of solid particles is extended to include nanoparticles, colloids, microorganisms and cellular materials. The flow of these systems is investigated under pressure, electrical, magnetic and chemical driving forces in channels ranging from macro-scale pipes to micro channels. Complementary separation and mixing processes are also taken under consideration with micro- and macro-scale counterparts. - Up-to-date including emerging technologies - Coherent, sequential approach - Wide scope: microorganisms, nanoparticles, polymer solutions, minerals, wastewater sludge, etc - All flow conditions, settling and non-settling particles, non-Newtonian flow, etc - Processes accompanying conveying in channels, such as sedimentation, separation, mixing One-year-old Bingo is extremely happy when the Browns adopt him and take him to their farm. Hed been at the shelter a long time. But when Buddy, a small kitten from Virginia, joins the family, he finds himself in charge of the new animal. Its not exactly what Bingo had in mind. Despite their similar appearance, the two cats are as different as black and white. Bingos idea of an idyllic life is to sleep on sun spots. He loves to help his dad drive the car. Buddy wants to get outside and see the world. He loves the garden and enjoys smelling flowers and meeting all the strange animals that visit there. The two mismatched cats set off on adventures that sometimes get them into trouble and other times are heartwarming experiences. When two of the neighborhood kids meet the cats, it doesnt take long before the whole neighborhood bonds together. Bingo and Buddy are included in just about everything that happens, including trick or treating on Halloween. This book for young readers shares a story of two cats, their antics, and the lessons to be learned. Order Jodi Picoult's stunning new novel about life, death, and missed opportunities. **THE #1 NEW YORK TIMES BESTSELLER** 'A writer the world should be reading right now.' Independent Who would you be, if you hadn't turned out to be the person you are now? Dawn is a death doula, and spends her life helping people make the final transition peacefully. But when the plane she's on plummets, she finds herself thinking not of the perfect life she has, but the life she was forced to abandon fifteen years ago - when she left behind a career in Egyptology, and a man she loved. Against the odds, she survives, and the airline offers her a ticket to wherever she needs to get to - but the answer to that question suddenly seems uncertain. As the path of her life forks in two very different directions, Dawn must confront questions she's never truly asked: what does a well-lived life look like? What do we leave behind when we go? And do we make our choices, or do our choices make us? Two possible futures. One impossible choice. ----- 'It is hard to exaggerate how well Picoult writes.' Financial Times 'A matchless talent for hitting emotional notes.' Irish Times 'A wise, cerebral, propulsive adventure . . . eruditely spans the worlds of Egyptology, university physics and end-of-life care, while never losing sight of its high-stakes human story . . . a captivatingly immersive, multilayered, painstakingly researched and impressively realised exploration of deeply human geographies.' The Sunday Times 'This complex, time-shifting romance combines moral hazard with Wuthering Heights echoes and degree-level Egyptology. And there aren't many books you can say that about.' Daily Mail This true story of Christian martyrdom takes place in feudal Japan. The Christian world will always marvel how in less than two generations the Gospel seed struck such deep roots in Japan that thousands of coverts were ready to lay down their lives for Christ. True it is that many Japanese martyrs died for their faith are now canonized and beatified. Among many who did not obtain the crown of martyrdom there are not a few, both men and women, who, by their heroic virtue, were an inspiration to their contemporaries. Among the most outstanding are Justo Takayama Ukon and Gracia Hosokawa Tamako, to whom these pages are devoted. Father Laures describes vividly and accurately in these stories of Two Japanese Christian Heroes the trials and

hardships of the early Catholic fathers and of their converts, their deep faith and the great spiritual strength that fortified their amazing endurance. In addition, he depicts with great insight the background of the old feudal days, the personal relationship of samurai to their lords, to their wives and to their families, as well as the political and social conditions of those days.

Three-Dimensional Microfabrication Using Two-Photon Polymerization, Second Edition offers a comprehensive guide to TPP microfabrication and a unified description of TPP microfabrication across disciplines. It offers in-depth discussion and analysis of all aspects of TPP, including the necessary background, pros and cons of TPP microfabrication, material selection, equipment, processes and characterization. Current and future applications are covered, along with case studies that illustrate the book's concepts. This new edition includes updated chapters on metrology, synthesis and the characterization of photoinitiators used in TPP, negative- and positive-tone photoresists, and nonlinear optical characterization of polymers. This is an important resource that will be useful for scientists involved in microfabrication, generation of micro- and nano-patterns and micromachining. Discusses the major types of nanomaterials used in the agriculture and forestry sectors, exploring how their properties make them effective for specific applications Explores the design, fabrication, characterization and applications of nanomaterials for new Agri-products Offers an overview of regulatory aspects regarding the use of nanomaterials for agriculture and forestry Compiled together for the first time, here are three plays by Argentine novelist and playwright Manuel Puig, who died in 1990. The centerpiece of the volume is Puig's *Kiss of the Spider Woman*, made into an acclaimed film starring William Hurt. Also included are the compelling works *Under a Mantle of Stars* and *Mystery of the Rose Bouquet*. Continue your journey into the Usui Reiki system of natural healing with this *Level Two Manual*. Discover the three symbols of level two training along with how to give a chair treatment, create an energy ball, and so much more.

Jews have been well represented in the cinema industry from the beginning of the film era: behind the screen, as producers, distributors, directors, script-writers, composers, set designers; and on the screen, as Jewish actors and as named Jewish characters in the film's plot. Some of these characters are fictional; others, ranging from Rabbi Loew of Prague to Ferdinand Lassalle and Alfred Dreyfus, have a historic original. This book examines how a variety of German and Austrian films treat aspects of Jewish life, at home and in the synagogue, and Jewish interaction with fellow Jews in different cultural environments; conflicts and accommodations between Jews and non-Jews at various times, ranging from the medieval to the contemporary. The author, one of the best known scholars in film history, theory and criticism, offers the reader a rich panorama of the many Jews involved in all spheres of the cinema and who, as the author reminds us repeatedly, together with their non-Jewish contemporaries, created a great industry and new forms of art. "TWO's best friend is ONE ... until THREE jumps in between them. A powerful story of friendship, loss, letting go, and self-discovery"--Publisher. A provocative and penetrating investigation into the rivalry between Alexander Hamilton and Aaron Burr, whose infamous duel left the Founding Father dead and turned a sitting Vice President into a fugitive. In the summer of 1804, two of America's most eminent statesmen squared off, pistols raised, on a bluff along the Hudson River. Why would two such men risk not only their lives but the stability of the young country they helped forge? In *War of Two*, John Sedgwick explores the long-standing conflict between Founding Father Alexander Hamilton and Vice President Aaron Burr. Matching each other's ambition and skill as lawyers in New York, they later battled for power along political fault lines that would decide—and define—the future of the United States. A series of letters between Burr and Hamilton suggests the duel was fought over an unflattering comment made at a dinner party. But another letter, written by Hamilton the night before the event, provides critical insight into his true motivation. It was addressed to former Speaker of the House Theodore Sedgwick, a trusted friend of both men, and the author's own ancestor. John Sedgwick suggests that Hamilton saw Burr not merely as a personal rival but as a threat to the nation. It was a fear that would prove justified after Hamilton's death... **INCLUDES COLOR IMAGES AND ILLUSTRATIONS** Tracing two thousand years of female leadership, influence, and participation, Elizabeth Gillan Muir examines the various positions women have filled in the church. From the earliest female apostle, and the little known stories of the two Marys - the Virgin Mary and Mary Magdalene - to the enlightened duties espoused by the nun, the abbess, and the anchorite, and the persecutions of female "witches," Muir uncovers the rich and often tumultuous relationship between women and Christianity. Offering broad coverage of both the Catholic and Protestant traditions and extending geographically well beyond North America, *A Women's History of the Christian Church* presents a chronological account of how women developed new sects and new churches, such as the Quakers and Christian Science. The book includes a timeline of women in Christian history, over 25 black-and-white illustrations, a glossary, and a list of primary and secondary sources to complement the content in each chapter. **DIVE** Ethnographic study of the programmers, engineers, and hackers who have shaped the internet since the 1970s and the battles that have been waged amongst them over the development of open source software.**div** A chance meeting with a handsome stranger turns into a whirlwind affair that gets everyone talking in this New York Times bestseller. Dating is the last thing on Olivia Monroe's mind when she moves to LA to start her own law firm. But when she meets a gorgeous man at a hotel bar and they spend the entire night flirting, she discovers too late that he is none other than hotshot junior senator Max Powell. Olivia has zero interest in dating a politician, but when a

cake arrives at her office with the cutest message, she can't resist—it is chocolate cake, after all. Olivia is surprised to find that Max is sweet, funny, and noble—not just some privileged white politician, as she assumed him to be. Because of Max's high-profile job, they start seeing each other secretly, which leads to clandestine dates and silly disguises. But when they finally go public, the intense media scrutiny means people are now digging up her rocky past and criticizing her job, even her suitability as a trophy girlfriend. Olivia knows what she has with Max is something special, but is it strong enough to survive the heat of the spotlight? Bernice Archer has raised her blind twin daughters, Eva and Ava, in the relative isolation of their low-income downtown neighborhood. Every night Bernice tells her daughters the same bedtime stories; stories that are sometimes magical, and often cautionary, about the dangers of the world outside the walls of their small apartment. Eva and Ava, now middle-aged, still wait for their mother's stories with a combination of excitement and suspicion, knowing that there is much they haven't been told. They are particularly mistrustful of Bernice's warnings of the dangers of the opposite sex, and want to know more about the story of their own origins. As loving as she is loud and as full of secrets as she is of stories, Bernice is the centre of the universe for Eva and Ava, even as they yearn for freedom and experiences of their own. When Bernice notices two new neighbours in their building, she is inspired to tell a new story. And so begins the saga of Violet and Rose. Bernice believes that these two women were born at the exact same moment, hemispheres apart, and that they share the same soul. Like Eva and Ava, the reader is swept along in the wake of Bernice's stories, not knowing what is real and what is fantasy, but believing none the less. Pan's life used to be very small. Work in her dad's body shop, sneak out with her friend Tara to go dancing, and watch the skies for freighter ships. It didn't even matter that Tara was a princess... until one day it very much did matter, and Pan had to say goodbye forever. Years later, when a charismatic pair of off-world gladiators show up on her doorstep, she finds that life might not be as small as she thought. On the run and off the galactic grid, Pan discovers the astonishing secrets of her neo-medieval world... and the intoxicating possibility of burning it all down. *The Life and Adventures of Joaquin Murieta* (1854) is a novel by John Rollin Ridge. Published under his birth name Yellow Bird, from Cheesquatalawny in Cherokee, *The Life and Adventures of Joaquin Murieta* was the first novel from a Native American author. Despite its popular success worldwide—the novel was translated into French and Spanish—Ridge's work was a financial failure due to bootleg copies and widespread plagiarism. Recognized today as a groundbreaking work of nineteenth century fiction, *The Life and Adventures of Joaquin Murieta* is a powerful novel that investigates American racism, illustrates the struggle for financial independence among marginalized communities, and dramatizes the lives of outlaws seeking fame, fortune, and vigilante justice. Born in Mexico, Joaquin Murieta came to California in search of gold. Despite his belief in the American Dream, he soon faces violence and racism from white settlers who see his success as a miner as a personal affront. When his wife is raped by a mob of white men and after Joaquin is beaten by a group of horse thieves, he loses all hope of living alongside Americans and turns to a life of vigilantism. Joined by a posse of similarly enraged Mexican-American men, Joaquin becomes a fearsome bandit with a reputation for brutality and stealth. Based on the life of Joaquin Murrieta Carrillo, also known as The Robin Hood of the West, *The Life and Adventures of Joaquin Murieta* would serve as inspiration for Johnston McCulley's beloved pulp novel hero Zorro. With a beautifully designed cover and professionally typeset manuscript, this edition of John Rollin Ridge's *The Life and Adventures of Joaquin Murieta* is a classic work of Native American literature reimagined for modern readers. Soon to be an animated series with Paramount+ and Nickelodeon! A special Big Nate volume including all of the comics from Big Nate And Friends and Big Nate Makes The Grade. The adventurous antics of sixth grader Nate Wright are on full display in this special collection, which includes all the comics from classic titles Big Nate and Friends and Big Nate Makes The Grade. Joining Nate in the fun at P.S. 38 are his best pals, Francis and Teddy. Whether he's setting the school record for detentions, earning an A for annoying teacher's pet Gina, or inventing new ways to trash talk during a chess tournament, Nate's talent for making mischief is second to none. Introducing Social Thinking Vocabulary concepts to school-age children #1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. “The kind of book that can be life-changing.” —The New York Times “Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank.” —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF. The inside story of The Cure 'Beautifully realised' Irish Times Coming of age in Thatcher's Britain in the late 70s and early 80s was really tough, especially if you lived in Crawley. But against the grinding austerity, social unrest and suburban boredom, the spark

of rebellion that was punk set alight three young men who would become one of the most revered and successful bands of their generation. *The Cure*. Cured is a memoir by Lol Tolhurst, one of the founding imaginary boys, who met Robert Smith when they were five. Lol threads the genesis of *The Cure* through his schoolboy years with Smith, the iconic leader of the group, and the band's most successful era in the 1980s. He takes us up to the present day, a riveting forty years since the band's inception. The band's journey to worldwide success is woven into a story not only of great highs and lows but also of love, friendship, pain, forgiveness and, ultimately, redemption on a beach in Hawaii. Cured highlights those parts of the creative journey that are not normally revealed to fans, incorporating many first-hand recollections around Lol's personal odyssey. From suburban London to the Mojave desert, Cured brings an acute eye for the times to bear on a lifelong friendship, with tales of addiction and despair along the way. Cured is the story of a timeless band and a life truly lived. Virginia Woolf was one of the most influential writers of the twentieth century. With her husband, Leonard Woolf, she started the Hogarth Press in 1917: the list ranged widely in fiction, poetry, politics and psychoanalysis, and published all Virginia Woolf's own work. Its first publication appeared in 2017: *Two Stories*, bound in bright Japanese paper, contained a short story from both Virginia and Leonard. Typeset and bound by Virginia, with illustrations by Dora Carrington, 134 copies were printed by Leonard using a small handpress installed in the dining room at Hogarth House, Richmond. To celebrate the 100th anniversary of 'Publication No. 1' this new edition of *Two Stories* takes the original text of Virginia's story, 'The Mark on the Wall' (with illustrations by Dora Carrington), and pairs it with a new story, 'St Brides Bay', by Mark Haddon, a lifelong reader of Virginia Woolf. *TWO STORIES* also includes a portrait of Virginia Woolf by Mark Haddon, and a short introduction from the publisher about the founding of the Press. A panoramic revisionist portrait of the nineteenth-century invention that is transforming the twenty-first-century world "Excellent . . . calls to mind Bill Bryson, John McPhee, Rebecca Solnit."—*The New York Times Book Review* (Editors' Choice) **ONE OF THE BEST BOOKS OF THE YEAR: The New Yorker** The bicycle is a vestige of the Victorian era, seemingly at odds with our age of smartphones and ride-sharing apps and driverless cars. Yet we live on a bicycle planet. Across the world, more people travel by bicycle than any other form of transportation. Almost anyone can learn to ride a bike—and nearly everyone does. In *Two Wheels Good*, journalist and critic Jody Rosen reshapes our understanding of this ubiquitous machine, an ever-present force in humanity's life and dream life—and a flash point in culture wars—for more than two hundred years. Combining history, reportage, travelogue, and memoir, Rosen's book sweeps across centuries and around the globe, unfolding the bicycle's saga from its invention in 1817 to its present-day renaissance as a "green machine," an emblem of sustainability in a world afflicted by pandemic and climate change. Readers meet unforgettable characters: feminist rebels who steered bikes to the barricades in the 1890s, a prospector who pedaled across the frozen Yukon to join the Klondike gold rush, a Bhutanese king who races mountain bikes in the Himalayas, a cycle-rickshaw driver who navigates the seething streets of the world's fastest-growing megacity, astronauts who ride a floating bicycle in zero gravity aboard the International Space Station. *Two Wheels Good* examines the bicycle's past and peers into its future, challenging myths and clichés while uncovering cycling's connection to colonial conquest and the gentrification of cities. But the book is also a love letter: a reflection on the sensual and spiritual pleasures of bike riding and an ode to an engineering marvel—a wondrous vehicle whose passenger is also its engine. #1 NEW YORK TIMES BESTSELLER • From the author of *Small Great Things* and *A Spark of Light* comes a "powerful" (*The Washington Post*) novel about the choices that alter the course of our lives. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE** Everything changes in a single moment for Dawn Edelstein. She's on a plane when the flight attendant makes an announcement: Prepare for a crash landing. She braces herself as thoughts flash through her mind. The shocking thing is, the thoughts are not of her husband but of a man she last saw fifteen years ago: Wyatt Armstrong. Dawn, miraculously, survives the crash, but so do all the doubts that have suddenly been raised. She has led a good life. Back in Boston, there is her husband, Brian, their beloved daughter, and her work as a death doula, in which she helps ease the transition between life and death for her clients. But somewhere in Egypt is Wyatt Armstrong, who works as an archaeologist unearthing ancient burial sites, a career Dawn once studied for but was forced to abandon when life suddenly intervened. And now, when it seems that fate is offering her second chances, she is not as sure of the choice she once made. After the crash landing, the airline ensures that the survivors are seen by a doctor, then offers transportation to wherever they want to go. The obvious destination is to fly home, but she could take another path: return to the archaeological site she left years before, reconnect with Wyatt and their unresolved history, and maybe even complete her research on *The Book of Two Ways*—the first known map of the afterlife. As the story unfolds, Dawn's two possible futures unspool side by side, as do the secrets and doubts long buried with them. Dawn must confront the questions she's never truly asked: What does a life well lived look like? When we leave this earth, what do we leave behind? Do we make choices . . . or do our choices make us? And who would you be if you hadn't turned out to be the person you are right now? Embrace a simpler approach to stitching with bold one- and two-color embroidery motifs *Zakka Embroidery* presents designs that are an elegant blend of Japanese and Scandinavian style. The motifs and patterns are spare and graphic, yet softened with organic shapes and imagery drawn from nature. The

result is embroidery that evokes a personal feel and conjures a sense of nostalgia. The task of picking just the right palette for an embroidery project can be overwhelming to beginners and experienced stitchers alike. But when you take away that challenge, a whole world of texture and style becomes available. Here Japanese designer Yumiko Higuchi presents embroidery motifs to be stitched using just one or two colors—creating patterns and designs that are more evocative for their form than for a play of colors. Each embroidery design is paired with a simple craft project, transforming the stitched fabric into a functional object, including pouches, pillows, aprons, and more. With beautiful photographs, clear step-by-step instructions, and detailed diagrams, Zakka Embroidery will be an inspiring guide for those new to embroidery and a delightful experience for those experienced with needle and thread. In this version of the Swiss folktale, two humpback brothers, one good and friendly, the other bad-tempered and lazy, have their lives changed by a trip to their old hut in the mountains. Seafood lovers--and foodies concerned with sustainability--will welcome this third cookbook from the author of For Cod and Country. Taking an eco-friendly approach, Barton Seaver creates fresh-tasting and casual dishes featuring seafood that hasn't been overfished or caught in a destructive way. More than 150 new, utterly delicious recipes range from Chilled Oysters with Grilled Merguez Sausage to Zuppa di Pesce, Whole Skillet-Roasted Fish, and Seafood Risotto.
